Call for Participants

3rd edition of the GREDEG Ph.D Workshop

For all GREDEG PhD students

GREDEG, 250 rue Albert Einstein, 06560 Valbonne

19 - 20 January 2023

Deadline for response to the call: 25 November 2022

The GREDEG Ph.D. Workshop is organized by the laboratory’s doctoral students and is open to all Ph.D. students attached to GREDEG. It is an opportunity for Ph.D. students to communicate on their research, at any level of progress, to enjoy a moment of knowledge sharing and to enrich the laboratory’s research.

There will be two types of presentation:
- For a full paper: 20 minutes presentation + 5 minutes discussion + 5 minutes for open Q&A;
- For a paper proposal: 10 minutes presentation + 5 minutes for open Q&A (no discussant).

The call is open to all Ph.D. students, regardless of the year of their thesis. First year students are welcome to apply too.

Following by two rules:

1- The participant can choose to present in French or English, but it is mandatory to have slides in English to reach a broader audience.

2- The presenters must come in person to present their work. We encourage discussants and the audience to come in presence, but they could also attend online.

---

1 A discussant is a researcher who will give an analysis of your paper and provide suggestions for improvement. He or she can belong to any university, but if he or she is not from the Université Côte d’Azur and agrees to travel, GREDEG will pay for his or her visit.
To answer the call, please fill in the following questionnaire:

https://phdws2023.limesurvey.net/559333?lang=en

We will come back to you at the beginning of December to define the choice of the discussant.

**Keys dates:**

Deadline for call for participation: 25 November 2022
Deadline for finding a discussant: 13 December 2022
Deadline for submitting the paper to the discussant: 5 January 2023
Workshop days: 19 - 20 January 2023
